your excellence?**

Bold

for a reason

**We are on a mission
to provide you with the
tools we were missing
during our careers in CPG**

**Yes we have had
significant and committed
careers in the CPG.**

And these were our frustrations:

- ☛ Tech didn't offer solutions to our most pressing challenges;
- ☛ We were unable to easily and instantly unlock the required data;
- ☛ We were unable to integrate large data or convert it to objective insights to optimize the decision-making we strived towards;
- ☛ Burdened by extremely expensive, inert and inflexible tools;
- ☛ We continuously battled against immobile and outdated reports

Recognizable?

**This is the reason for our
profoundly personal quest to
provide the World's best
AI driven Business Planning
Solutions for CPG.**

Because honestly: we couldn't find them.

■ Visualfabriq. Born from professional frustration.

**We are always
