# Project is a long journey with dedicated people

## PROJECT SPONSOR

- Ultimately responsible for the project success
- Decides and arbitrates, sets objectives and priorities to the project
- Contributes to a smooth running of the project
- Deals with all relational aspects between the project teams
- Escalates any issues to the Management Board
- Endorses the project cost

## USER PROJECT MANAGER

- Validates the specifications and proposes priorities
- Identifies the resources required on the project
- Validates the way the solution should work
- Provides test data and defines the User Acceptance Test details
- Indicates the user constraints
- Drives the User training plan

## KEY USERS

- Take ownership of the solution
- Have the business know-how
- Actively participate in the user acceptance tests
- Validate that the result is in accordance with the solution

## MIS PROJECT MANAGER

- Estimates and pilots the risks
- Identifies all tasks to complete
- Identifies the competencies required
- Organises and drives the project (resources, planning, budget)
- Defines the monitoring system and attends the supervision reviews
- Defines the User Acceptance Test details with the client

## MIS EXPERTS

- Provide competencies in product expertise and supports the Key users
- Are responsible for designing and creating the solution
- Ensure the result is in accordance with the scope defined
- Synchronize all Go-Live preparation tasks and execute them

# Go-Live

- **A Two Steps Go-Live**
  - First Go-Live for Pilots only, 4 Months before first country Go-Live
  - Progressive involvement of Pilots
- **Description of a typical Go-Live**
  - Project Team Presence
  - 1-Day of Training in Local Language
  - New Device Presentation
  - SFA Training
  - Vital Signs to follow user adoption and track issue

- *“The application is easy to use”*
- *“User friendly and intuitive, useful having the Web and Touch layout and very satisfied of having pricing updated, assortment and promo nego activities”*
- *“Place orders is fast and easy”*
- *“Visit executions is easy to manage”*
- *“Pricing always updated with Adjustments and Promotions and Orders easy to place”*

# Two Years After First Go-Live

# Statistics

- 265 Users
- 110K+ Visits
- 70K+ Activities
- 15K+ Sales Check
- 15K+ Merchandising Activities
- 10K+ Questionnaires
- 40K+ Orders
- 10K+ Invoices Matched

# User Feedbacks

# What's Next

Mixed Data

**Power BI  
Dashboard**

**Upgrade to 6.4**

# Key Learnings

# Lessons learned: Repeat vs Improve

- Communication
- Global designed for Local
- Activation of the system
- Progressive involvement of Key Users

- Better user documentation to drive adoption
- Stress test
- Invest on reporting
- Fight the FOBO
- Browser Cache Management
